

SAFETYLINK
FASTFIT
Roof Hatch Guardrail Kit

A permanent system that provides safety from falling to elevated areas.

FastFit Roof Hatch Guardrails provide safe access to and from roof access hatches.

HOW IT IS USED

Mounted directly to the roof, the FastFit Roof Hatch Guardrail kit provides safe exit of a roof hatch if it is close to an edge, but also provides safety from falling into an open hatch when returning to exit the roof.

HOW IT WORKS

The FastFit Roof Hatch Guardrail kit is a compliant barrier that surrounds the hatch preventing an accidental fall into the open hatch.

PERFORMANCE

Safetylink FastFit Roof Hatch Guardrail Kit Conforms to AS 1657:2014

INSTALLATION

Installation should be carried out by Manufacturer trained installers who have completed the required training modules and hold the relevant training certificates.

MAINTENANCE

Visual inspection for any damage or loose fixings must be done periodically and prior to installation. No certified maintenance required. Basic wear and tear preventative maintenance is recommended as per manufacturer's specifications and recommendations.

WARRANTY

Warranty for 10 years and 2 years installation.

ENVIRONMENTAL

PBI Height Safety is committed to reducing its impact on the environment.

We will strive to improve our environmental performance over time and to initiate additional projects and activities that will further reduce our impacts on the environment.

Our commitment to the environment extends to our customers, our staff, and the community in which we operate. We are committed to supplying products with primary components made of recyclable material and is supplied with minimum packaging to retain its structure and integrity during transit.

We will continually measure our environmental impacts and aim to reduce these impacts.
